CROWN WORLDWIDE GROUP OPENS A NEW FACILITY IN DUNEDIN

New Zealand, October 8, 2014 – Crown Worldwide Group, the world’s largest privately-held group of international logistics and related services companies, was proud to welcome guests to the official opening of its new Dunedin facility in Kenmure.

On September 19, 2014, Crown hosted a cocktail reception for guests, followed by a ribbon cutting ceremony. The Hon. Michael Woodhouse, newly appointed Minister of Police, officiated the grand opening.

The event presented guests, from a range of industries, with an inside look at the 1,943 square meter warehouse and 186 square meter office, emphasizing Crown’s commitment to Dunedin and the Otago region. Crown has been providing moving and storage services to Dunedin and the wider Otago region for the last 40 years.

Located in Kenmure, the new facility is easily accessed and allows for the expansion of our rapidly growing records management business which has outgrown its previous facility. The event provided guided tours of the 2,129 square meter facility on a 10,000 square meter land profile. Features which make this building one of the most advanced relocations and records management facilities in New Zealand include:

- LED lighting on timers with sensors to save power
- Site access via swipe card to all parts of the facility
- Full camera surveillance internally and externally
- Regular security patrols

James Logan, Country Manager - Crown Worldwide New Zealand, comments: “This new warehouse complex reflects our growth over the last decade and more importantly, our ability to service a diverse set of customers across the southern region in the future. We have our existing customers to thank for their support and the confidence they have given us. Our goal is to repay them through greater efficiencies and an even better service delivery in the future.”

Crown Worldwide (NZ) Ltd has relocations and records management facilities in Christchurch, Nelson, Wellington, Hastings, Palmerston North, Hamilton, Tauranga and Auckland.
